**Dear colleagues and stakeholders,**

We are pleased to invite you to participate in the Advanced training seminar “*The Framework Conditions for Social Work in Bulgaria: Social Policies, Labour Laws, Migration and Cultural Diversity*” organized under the Erasmus + Project Transnational Social Services with the partnership between Diakonisches Werk and HAW Hamburg situated in Germany and BRTMI and IPHS situated in Bulgaria.

The project brings together institutions and practitioners from Germany and Bulgaria to exchange on the needs for support and the support measures they (could) deliver for Bulgarian migrants. The seminar provides basic information on the context from which migrants of Bulgarian origin come to Germany including legal framework, social policies, institutional responsibilities at regional and local level, daily practices and cases encountered by Bulgarian social workers. It raises questions such as how to support social services in a transnational context and what do social workers need to know from each other.
